

CommPartners + MemberSuite

SEAMLESS LMS INTEGRATION AND USER EXPERIENCE

CommPartners and MemberSuite have been partnering together for over 3 years to provide a seamless integration between CommPartners' Learning Management System (LMS), Elevate, and MemberSuites' AMS.

This integration renders an omni-channel experience for the learner and generates an e-learning hub that conveniently authenticates participants and drives engagement. Everything from registration, shopping, and reporting is seamlessly accomplished with a user's MemberSuite credentials and APIs.

BENEFITS:

- ✔ **Single Sign-On.** MemberSuite login credentials are automatically recognized in Elevate LMS to provide seamless access and relevant content.
- ✔ **Dynamic Pricing.** Specific pricing can be available by member category.
- ✔ **Consolidated Reporting.** Financial transactions and learning results from educational programs can be reported and available in the AMS.
- ✔ **Universal Shopping Cart.** Host registration and payment processing through MemberSuite's shopping cart and have learners automatically authenticated for programs within Elevate. Courses, webinars, and other educational programs can be purchased with events, membership, and other organization offerings with one transaction.

CLIENT TESTIMONIAL

The National Association of State Boating Law Administrators (NASBLA) works to develop public policy for recreational boating safety and provide training opportunities on boating security and safety for their members, the 56 US States and territories.

A seamless integration between their AMS, MemberSuite, and Elevate Learning Management System (LMS) was integral so their 10,000+ users could have a single sign-on within their ecosystem of applications.

"It was the easiest integration that we have done."

- Ron Sarver, Chief, Knowledge & Learning Management Systems, NASBLA
