Event Module

PLAN THE ULTIMATE CONFERENCE OR TRADE SHOW

Our event management module allows associations to easily plan events, track registrations and more. We have a wide array of features that let you customize how your events are conducted, including letting you manage event sponsorships, speakers, sessions and guests. Forget using a third party system and having to migrate data back and forth between opposing systems.

HIGHLIGHTS

- Plan complex events and manage sponsors, exhibitors, registrations, speakers, sessions, fees, promos, and more.

- Track cross functional variables like membership status, membership type, time of purchase, group registration, and more.

- Streamline your sessions down to schedules, rooms needed, and speaker notifications.

- Keep track of your speakers and VIPs as they move from session to session.

- Get a firm grip on logistics and coordinate all details in a central location.
